FAQ – FREQUENTLY ASKED QUESTIONS

LAST UPDATE: November 24, 2016

Dear Mr. Venturini,

I would like to know if it is envisaged that the training will take place at the trainer's premises, this making the trainer taking care of the venue or if the trainer is envisaged to travel to a defined location.

Thank you for your kind reply.

Best regards,

The location of the training can be either the expert trainer's main site (or another selected site, provided they are equipped and duly organised for training classes) or one of the four project clusters site. The expert is required to specify the selected location. In the first case the possible cost for the training room rent cannot be included in the financial offer. In the second case the expert has to include his travel and subsistence cost in the offer.
